

CONTENTS

WATER BIORESOURCES	7
<i>Burhaz M. I., Matviienko T. I.</i> The current state of extracting and consuming aquatic bioresources in Ukraine.....	7
<i>Dyudyaeva O.</i> The state of the fish industry in the world and in Ukraine: development trends and global challenges.....	24
<i>Kovalov M. M.</i> Formation of radish yield when growing in biological hydroponics systems.....	41
<i>Kutishchev P. S., Shevchenko V. Yu.</i> Fisheries use of small reservoirs in the South of Ukraine as an example of the Vozsiat reservoir of Mykolaiv region.....	52
<i>Melnyshenko S. H.</i> Overview of small reservoirs of the South of Ukraine from the aspect of fisheries exploitation.....	64
AQUACULTURE	73
<i>Honcharova O. V., Kutishchev P. S.</i> Aspects of formation of the potential and development of Ukrainian aquaculture under the conditions of European integration of innovative solutions.....	73
<i>Olifirenko V. V., Kozichar M. V.</i> The influence of immunostimulators on the survival of fertilizers of vegetable fish.....	83
<i>Soborova O. M., Sydorak R. V., Kudelina O. Yu.</i> Assessing the fish and fish product quality and the consumer preferences of Ukrainians at the Odesa fish and fish product market.....	95
GYDROECOLOGY	109
<i>Biedunkova O. O., Statnyk I. I., Boiaryn M. V.</i> Selection of indicators of surface water quality monitoring of Sluch river.....	109
<i>Breus D. S.</i> Methodological approaches for studying the microbiological environment of drinking water distribution systems.....	124
<i>Yevtushenko O. T.</i> Ecological issues of water resources of Ukraine and the ways of their solution.....	136
<i>Pichura V. I., Potravka L. O., Rutta O. V.</i> Agricultural determinants of biogenic pollution of surface waters in the Dnipro river basin.....	152
<i>Skok S. V.</i> Evaluation of the ecological condition of marine ecosystems (exemplified by the gulf of Odessa).....	175

CRAFT	188
<i>Lichna A. I., Bezyk K. I., Kudelina O. Yu.</i> Analysis of FAO data on the global fisheries and aquaculture production volume.....	188
<i>Semeniuk S. K., Kozychar M. V.</i> The consequences of anthropogenic influence on the population processes of vertebrate animals.....	198
PAGES OF MEMORY	207
In Memory of Galina Kurkubet.....	207
