

CONTENTS

AQUACULTURE.....	7
<i>Valerko R.A., Herasymchuk L.O., Patseva I.H.</i> Modeling and integral assessment of drinking water quality based on the hamming metric.....	7
<i>Honcharova O.V., Novokhatko O.V.</i> Vectors of ecologically friendly production with the integration of alternative protein sources in aquaculture.....	25
<i>Lavryniuk O.O., Matkovska S.I., Verbelchuk T.V., Verbelchuk S.P., Koberniuk V.V.</i> Analysis of modern trends and development prospects of fish feeding in Ukrainian aquaculture.....	39
<i>Larzhevskaya T.O.</i> Research of functional-active parameters of tilapia under optimization of growing conditions.....	64
<i>Mykhalko O.G., Vechorka V.V., Biedunkova O.O., Kolomiitseva O.M., Verbelchuk T.V., Verbelchuk S.P., Koberniuk V.V., Lavryniuk O.O., Horchanok A.V.</i> Aquaculture in Sumy region: value chain analysis and prospects....	79
<i>Solopova K.Ya., Bernakevych O.M., Koryliak M.Z., Vishchur O.I.</i> Effect of shiitake (<i>Lentinula edodes</i>) mushroom extract on the status of antioxidant protection system and the hormonal profile of the russian sturgeon (<i>Acipenser gueldenstaedtii</i> Brandt, 1856) juveniles.....	118
<i>Trokhymenko V.Z., Kovalchuk T.I., Matkovska S.I., Pavlyuk S.K., Filinska T.G.</i> Modern approaches to aquaculture certification: EU experience and prospects for Ukraine.....	134
WATER BIORESOURCES.....	149
<i>Almashova V.S.</i> Ecological assessment of water quality of the Turunchuk river in Odessa region.....	149
<i>Breus D.S.</i> Assessment of the ecosystem state of the Bile lake (Rivne region) based on a set of ecological indicators.....	165
<i>Honcharova O.V., Burhaz M.I., Melnychenko S.H.</i> Tiligul estuary: an object of a research platform for masters of aquatic bioresources and aquaculture in southern Ukraine.....	180
<i>Katynska I.V., Burhaz M.I.</i> Spatio-temporal assessment of distribution trends of green algae (<i>Chlorophyta</i>) in Ukraine based on GBIF biogeographic data.....	191
<i>Potravka L.O., Pichura V.I., Melnyk V.I.</i> Results of the sociological research «Kakhovka reservoir: past, present, and future».....	204

FISHING.....224

Marenkov O.M., Nesterenko O.S, Borovyk I.I., Kurchenko V.O., Shmahailo M.O.

Assessment of commercial stocks and forecast of fish catch of the carp family
(*Cyprinidae*) of the Dniprovske reservoir for 2026.....224

HYDROECOLOGY.....238

Ishchuk O.V., Bordiug N.S. Monitoring of chlororanic compounds

in the aquatic biological resources of the Seim river as the basis
for the ecological safety of fish products.....238

Romanchuk M.E., Tyshkevych M.I. Assessment of the suitability of the waters
of the Yalpugh reservoir in the city of Bolgrad for various types of water use.....249
